Meet Your Inner Child

Guided Visualization

Find a comfortable position. Close your eyes. Take three deep breaths.

Imagine a peaceful place—you feel safe here. In the distance, you notice a child approaching. This is you at a younger age.

Notice what they're wearing, their expression, their energy. They've been waiting to meet you.

You smile gently and say, "I'm here now. I see you."

What does your inner child want to tell you? Listen in silence. When ready, open your eyes.
